Ephemerinomicon 2026

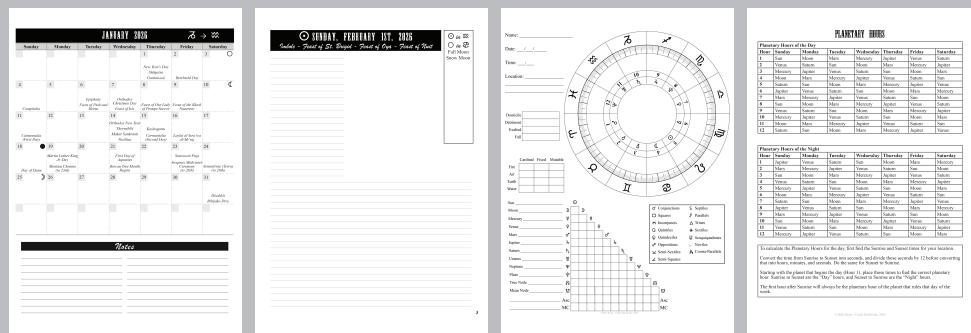

This Magickal Diary is a vital annual record for spiritual and metaphysical practitioners of every skill level

This book features monthly calendar pages containing a compendium of important holidays, dates, and observations that are greatly expanded from the typical calendar.

Each month is comprised of daily dated journal pages, with each one containing basic relevant astrological and almanac information, as well as a broad spectrum of holidays and observances for that day.

Also included is an appendix containing a number of reference charts that magickal practitioners may find useful, as well as an assortment of various types of stylized pages for creating your own charts.
